

ANIMALS ON THE ROAD GAME

January, 2025

GAME NAME

SABI DRIVER

'Sabi' is an everyday lagosian speak, which means being knowledgeable. Together with 'Driver' it captures the essence of our game—being a knowledgeable driver.

GAME IDEA

This game transforms driving on Lagos road into a learning experience, where players navigate a virtual road by tapping on road signs.

And just like how missing the sign is costly in real life, missing the sign will also have its consequence in this game.
